To search and filter across a wide range of criteria for either a specific attendee, or attendees that fall within certain categories, use the search/filter feature. You can click on a result for immediate access to that record. [Read more about searching attendee records.](#)

When looking at a specific attendee's record, under the Actions menu, you'll see various actions:

 Financials	<p>Financials lets you see the payment status, invoices, payments, and audit trail for this attendee. You can process new payments and refunds, track invoices, see an audit trail of all transactions, and process miscellaneous charges and invoices.</p> <p>Read more about Attendee Financials.</p>
 Communication	<p>Communications lets you create and send on-the-fly email, text messages and Attendee App messages to this attendee. Email messages can include plain text, HTML, and Merge Document emails. Attachments and blind carbon copy (Bcc:) functions are also supported.</p>
 Linking	<p>Linking gives you an easy way to link individual attendee records to a group, or make an attendee the Group Contact.</p> <p>Read more about managing Groups.</p>

 Print documents	<p>Print Personalized Documents gives you a selection of documents you can print for this attendee: address labels, certificates of attendance, certificates of achievement and more.</p>
 Change log	<p>The Change Log gives you a detailed log of all changes made to this attendee record. Date, time, user, and details are all provided in cases where you need to backtrack and see changes made to a specific record.</p>
 Attendee tools	<p>Attendee Tools includes a variety of individual attendee utilities, such as Replace Attendee, Online Activity Log and Site Auto Login.</p> <p>* If you click on the star beside the attendee tool name to mark it as your favorite, it'll always appear at the top of the list.</p>
 Delete	<p>Attendee Delete will permanently delete the selected attendee record from the EventsAir database.</p> <p>Click here for more information on Attendee Delete.</p>

The new-look EventsAir Version 16 has arrived! If your version of EventsAir hasn't yet been updated, you may see something more like the below.
