

December Webinar 2022 – Version 15 Deep Dive

Last Modified on 10/13/2024 9:38 pm EDT

NOTE: EventsAir Version 16 is here and if you've already updated, this video won't look exactly the same. In the newer version:

- **The event selection screen (opening screen)** is cleaner, and Global Tools are under the Menu button.
- **The Navigation menu (in an event) is on the left-hand side** .
- **Some tools have now been grouped** (e.g. Attendee Action Buttons in the Attendees Panel are now all under the "Actions" button, top right).

After a changeover period, all our videos will be updated.

Q&A

These questions have been collated from the 3 regional webinars. Some questions were asked by more than one person, so you may not see the exact same wording you used in your question.
