Resolved issues

Show All

Report Editor:

Multiple issues relating to an update to the Report Editor (Dev Express):

- Global reports were not generating due to cache error.
- Report editor – fields were not showing correctly, characters and values could not be entered into the Expression Editor.
- Edits to invoice layout would sometimes change items; edits would not show in preview (from attendee record).
- Name badge editor – some modules were missing, editor was not saving.
- Missing items in itinerary reports.

Organizer App:

Function Check-In was not updating attendee data.

Online Panel – Interactive (registration) site:

Intermittent problem – items paid for via the registration site weren't showing as paid on the attendee record.
