

# Can I see which guest speakers/presenters have (or haven't) submitted a particular document?

Last Modified on 09/27/2024 4:37 am EDT

The below tells you how to run a report based on presenters who've successfully submitted at least one document. If you're often dealing with people who forget to even submit their abstract, try using the "Add Marketing Tag when Account Created" option in Presentation Portal (Settings tab). You can use this to filter for, and email, anyone with that tag who hasn't yet submitted.

1. From the **Reporting Panel**, select the **Filter** icon.
2. Under the **Presentations Filter**, go to the **Documents** tab.
3. Use the **Document Types** tools to choose a document.
4. Use the radio buttons to select what you're looking for — for example, choose the document type **Final Paper** and radio button **Not Received** to see who hasn't yet submitted a final paper.
5. Select **Apply** and then run your report.

The screenshot displays the 'Presentations' filter interface. On the left is a dark purple sidebar with a 'Filter' header and a list of categories: Contact, Notes, Marketing, Registrations, Agendas, Functions, Accommodation, Travel, Presentations, Exhibition, Sponsorship, Financial, and Survey. The main area is titled 'Presentations' and has three tabs: 'Details', 'Checklist', and 'Documents' (which is selected and highlighted with a red box). Below the tabs, there are filter options: 'Document Types' with a dropdown menu set to 'Final Paper' (highlighted with a red box), and 'Received' with three radio buttons: 'Either', 'Received', and 'Not Received' (the latter is selected and highlighted with a red box). Below these is a 'Date Received' field with a date range selector (DD/MM/YYYY to DD/MM/YYYY) and an 'Add Document' button. At the bottom of the interface are 'Save', 'Load', 'Clear', 'Cancel', and 'Apply' buttons, with the 'Apply' button highlighted with a red box.
