How do I bulk add engagement/gamification points?

Last Modified on 12/11/2024 2:25 am EST

1. In the Express Actions panel, select Bulk Add Engage Points.

MAN	AGEMENT	ROCESSES	
*	Buik Concelation Filter and select multiple contact records and then cancel all or part of their registration in a single operation B = + + + • • • • • • •	Apply CE Credits Bulk assign Continuing Education credits to select	ted students who qualify to receive the credits
*	Bulk Change Filter and select multiple contact records and then change data within various modules e 🛞 🗓 🔳 🖛 🔶 🛊 🖘 O	Auto Event Check-In Automatically print attendee badge and complete included in the Attendee App	check-in. This Express Action requires an Event Auto Check-in component to be
*	Bulk Creation Filter and select multiple contact records and then add new contact or registration details in a single operation	CE Course Attendance Bulk update attendance details for your registere	d CE Course Attendees
*	Bulk Delete Filter and select multiple contact records and then delete the entire record in a single operation	Exhibition Stand Allocation Allocate Exhibitors to a stand on the floor plan	
*	Bulk Add Ergege Points Fifter and select multiple attendees and alocate EvertStream Engage Points	Function Table Allocation Allocate table and seating assignments for meal	sr event functions within EventsAir
*	Comprehensive Export Create a detailed export of EventsAir data across all modules and export to a variety of data formats $\Theta \otimes I = \longrightarrow I$	Senerate attendee invoices for all records in Eve	rtsAir that that have not been issued
*	Duplicate Finder Searches for duplicate records based on different ortenia, such as name, email address, phone or organization	Meeting Matching Generate meetings for attendees and/or exhibito	rs based on Meeting Preferences

- 2. Choose a goal, then filter for a specific Target Group if desired.
- 3. You can also select the option to Send Push Notifications to the Attendee App/OnAIR portal.

Bulk Ad	d Engage Points
Details	Selected Records
Goal	Complete Session Survey
Target Group	
	14 Records Selected
Option	Send Push Notification to Attendee App/OnAIR
	Clear Cancel Start

i

Before clicking "Start", you can also use the Selected Records tab to check you've filtered correctly, and remove one or more records from the list if you don't want to add points for them.

Adding points to individuals can also be done via the Organizer App, under Engage Points (as long as this has been added to your Organizer App).
