# How do I check an attendee's engagement/gamification points?

Last Modified on 11/25/2024 3:06 am EST

1. In the **Online Panel**, create the **EventStream Engage Analytics App**

2. Once logged in to this App, you can see a number of tabs.

3. Look under Search tab.

4. Use the search box on this tab to search for attendees who've achieved goals, earned points/badges/coins/tickets.

You can search by ID or Name. [ID will only find an exact match, but searching for "James" will find anyone with either the first name or surname James).

When you locate an attendee, click Select to see a detailed report of their EventStream activities including remaining coin and points totals.

Date	Goal	Points
Jun 1, 2018 4:36 pm	EventStream Superstar	500
Jun 1, 2018 5:18 pm	EventStream Superstar	500
May 13, 2018 10:18 am	Attendee App Early Adopter	3000
